I remembered that you might be on the river earlier that week.

I thought so too. Plus they appreciate the effort. I think we will be installing the Mini-sippers earlier that week.

I guess I hadn't thought of it that way – perhaps I will consider flying down for the day. It is sometimes easier to attend a meeting like this in person than doing a conference call.

Dear Stakeholders –

We are planning a Technical Work Group meeting on Thursday, Nov. 13, at 1:00 at the Public

Lands Center in Durango. There will be a call in number which we will send out with an agenda later. The meeting will include discussion on data, sites for potential remediation by BLM, and treatment technologies. Anyone can participate, but we will send out some spreadsheets ahead of time. Below is a list of people whom we suspect will be interested in the information. If we haven't listed you and you want this pre-meeting data, please let me know.

Bill Simon, Steve Fearn, Brent Lewis, Kay Zillich, Kirstin Brown, Camille Price, Larry Perino, Lisa Richardson, Steve Way, Dan Wall, Paula Schmittiel, John Ferguson, Chuck Wanner, Todd Hennis, Tom Schillaci, Ron Borrego, Buck Skillen, Barb Horn.

Also, over the past few years, I have blind copied email addresses to give people a little more privacy. However, every month more and more email providers (about 30 people's addresses now) will not allow the blind copy to get through, and I have determine who got what and resend and sometimes I miss people. So in the future, I'm no longer going to blind copy. Hope that doesn't bother anyone.
